Fax 613 533-6665  
dining.queensu.ca

- Queen's Food Service Request Form
- Hand Washing Procedures
- Special Events Application (Link Provided)
- Special Events Checklist from KFL&A Public Health (Link Provided)
- **NOTE:** The Special Events Application **must** be filled out. This form will be faxed from our office to the KFL&A Public Health Office for their approval. Reply may take several days and approval **must** be granted in order to qualify your event. Without approval from the KFL&A Public Health Office your request will not be granted.

While the need for fund raising activities is understood, bake sales are limited to baked goods/pre-packaged items and **should not include coffee, juices, etc.** **Beverages are not to be sold/ offered at bake sales.** **All food displayed shall be individually wrapped or covered in a satisfactory manner to prevent contamination. Customers and vendors should not directly handle any food.**

The steps listed below should be followed prior to your event:

- Book a room or area and commercial kitchen if necessary, through the appropriate booking office (such as the Student Life Centre, General Office, Room Reservations, Event Services, the specific Faculty or Department, etc.).
- Provide as much information in detail as possible on the forms to avoid delay.
- Once the necessary paper work has been completed, return as a package, to the Hospitality Services Office, Room E022 Victoria Hall, for processing (**at least 2 weeks in advance**).

The Administration of Hospitality Services will send confirmation if your request has been approved, or declined, either by phone or email. It is important to leave a phone number and email address where you can be reached during the day. If you do not hear from us several days after submitting your forms please call us to follow up.

If you have any questions, please call Hospitality Services Office (613) 533-2953. Our fax number is (613) 533-6665.

## **HAND WASHING PROCEDURES FOR FOOD SERVICE WORKERS**

**Fact:** The hands are the number one source of spreading food-borne illnesses.

**Fact:** Proper, frequent hand washing can minimize the spread of such illnesses because hand washing breaks the chain from contamination to food.

### **The Facts on Proper Hand Washing Procedures**

#### **How:**

- Wet hands thoroughly. This helps increase the effectiveness of the soap.
- Apply soap using friction. Lather well for a least 20 seconds. Pay special attention to fingertips and thumbs.
- Rinse well, holding hands downward.
- Dry hands thoroughly with paper towel; use paper towel to turn off taps. At home, try to use individual towels, and wash towels regularly.
- Properly dispose of paper towel.

#### **What with?**

- Soap
- Running water, water should be warm, but not hot enough to burn skin

#### **When:**

- After coughing, sneezing, combing or touching your hair, or touching your face
- After using the restroom, smoking, eating, and after any breaks
- Before and after smoking cigarettes
- After working with raw foods, wash hands before working with cooked foods
- After taking out the trash, touching dirty dishes, utensils, or equipment
- After any potential cross-contamination, such as shaking someone's hand, handling cash, using the telephone
